November brought our first snow of the season, but the cold weather has not dampened the mood at Children's Center. With the arrival of Thanksgiving and the coming holiday season, spirits have been especially high here at TJ!

We have enjoyed some wonderful enrichment programs this month. Star Lab, which is part of the Mid Hudson Children's Museum, brought the stars to us. It was exciting to see the Milky Way in our APR!

Tanya, from Intrigue Fitness, organized a dance party, relay races and some other heart pumping games for us to enjoy.

Mrs. Halim is back and working on a paper mache project with our 4th and 5th grades. They are making owls. She will be back to do another project with the younger grades in the future.

Ninja Cat Studios, a new art program joined us this month. The children used various kinds of paper and scissors to create some beautiful ornaments, animals and landscapes. The workshop was

very successful and we look forward to more visits.

Our own staff always provides creative ways to spend the afternoons with the children. Painting, clay and perler beads are just some of the popular arts and crafts activities the children enjoy.

As the winter weather arrives, I would like to remind you that we still go outside to play. Please be sure that children have the appropriate outwear for these days. Coats, hats, gloves are encouraged. If your child wears shorts, please make sure he/she has sweatpants to change into. The children who aren't dressed accordingly miss outside play and they are not happy about it. Any help in this area will be greatly appreciated.

Just a reminder, if there are any cancellations, delays, or other scheduling alterations we will notify everyone by text message. In the event of an early dismissal LCC will close and all children will be put on the bus, please contact the school directly to make other arrangements.
