We hope everyone had a lovely and joy filled Thanksgiving.

This is my first newsletter as the new Site Supervisor at George Washington. I want to thank Dina Dawoud, Anna Mandara, and Mr. Jon for their help with the transition. In addition I want to thank Meghan, Michelle and Mike for the great work they are doing. They have all made the transition fun and easy. They are each talented and gifted people. We also welcome Peter Kline to the afterschool program. He completes our team and is doing a great job.

It is has been a quick and exciting month for the kids, we have been working to make the day fun-filled. The children, in the morning program, begin their day with breakfast followed by a craft. In the afternoon program the kids have a snack and if the weather is good we go outside to play before doing homework. Once homework is complete the kids play games, draw, or do crafts most days. Crafts for the month included everything

Thanksgiving.

The month of November included many enrichment activities as well. They enjoyed the Star Lab where they learned about constellations. Zumba was a big a big hit and kept them moving with laughter. Nature of Things was wonderful, the children were presented with a Florida King snake, a Monk parrot, a Polish Top Hat chicken, a hamster, and a South American Green Tree Iguana. We also had a visit from Paper Heart Puppets, they put on a great show for us to watch. We hope they return for a puppet making workshop. Last but not least many of the kids enjoyed the return of Briks for Kidz.

As a reminder, please have the kids dress for the weather, we like to get outside as often as possible! Please continue to call or email us when your child is not coming on a scheduled day.
