

Lakeland Children's Center Newsletter

George Washington Edition

We hope you all had an amazing Halloween!

As usual time flies, can't believe two months has passed since the start of the year. The children started to settle down and get into their daily routine. After a long day of school we are doing our best to make our program fun, and exciting as well as a comfortable and relaxing place to spend time.

We had plenty of enrichment programs the month of October. While keeping many of our tried and true programming, such as Briks for Kidz and The Nature of Things, we also added some new fun. Sewing was a big hit and we will continue with a beginning sewing programming later in the school year.

We are excited for Star Lab to come, this is an in-

door planetarium show brought to us by the Mid-Hudson Museum.

As some of our children don't prefer the cold weather we have a few indoor activity tables where they can stay warm and be creative. They have made projects using beads, pipe cleaners and different craft materials. Our big hit this month was making slime a big thank you for our fifth graders girls for being great helpers. I am sure you are all pleased that the slime was made at LCC and not your home!

We also got creative with our snacks! On one of our warmer days the kids were excited to make and drink fruit smoothies. When the weather was chilly we made soup, and hot chocolate! Cheese quesadillas was also a big hit.

As October ends and November begins please make sure to have your children dressed appropriately, if the sun is shining we go outside! Gloves, hats and coats are a must!
